GEN. JOUBERT DEAD.

Leader of the Transvaal Forces Dies at Pretoria.

TOWN IN MOURNING.

He Was a Descendant from the French Huguenots and Born in Cape Colony—He Was the Hero of Majuba Hill.

Pretoria, March 28.—General Joubert died last night at 11:30 o'clock. He had been suffering from a stomach complaint. The town is plunged in mourning for the true patriot, gallant general and upright and honorable gentleman.

General Pietrus Joubert, commandant of the Transvaal forces, was better known as Piet Joubert, or "Slip Piet," (Slim Peter), born about 63 years ago. He descended from the old French Huguenot family which settled in South Africa many years ago. He was born in Cape Colony, but was taken by his parents when seven years old to the Orange Free State, where he was taught from early childhood to shoot straight and hate the British. He is described as having been utterly fearless. Of schooling, he had but little, and never saw a newspaper until he was 19 years old. In spite of this his ambition prompted him to read the few books he could obtain and he succeeded in obtaining a fair knowledge of the history of languages. It was during the war with natives that Joubert became acquainted with Paul Kruger and the two men became bosom friends. General Joubert was elected vice-president of the Transvaal 1896. He defeated Sir George Colley at Majuba hill in 1881 and acted as president of the republic in 1894-95, during Kruger's absence in Europe.

MINE DESTROYED.

Dundee Colliery Blown up and the Machinery Ruined.

Pretoria, March 28.—Dundee colliery has been blown up, machinery has been destroyed and the mine rendered useless for three months to come.

According to a dispatch from Kroonstad, Commandant Olivier has joined Generals Groblaar and Lemmer, who is safe.

General DeLarey is still sick at Pretoria, but he will proceed to the front Sunday.

Trains are frequently leaving with burghers for the fighting line on this side of Bloemfontein.

The Standard and Diggers' News says it learns General Olivier, Groblaar and Lemmer arrived at a point sufficiently far north to relieve all apprehensions possible of their being cut off. It is expected they will arrive at Windburg in a few days and effect a junction with General De Wet, when the federal position, it is declared, formidably oppose Lord Roberts.

Reports received from various banks of the republics show cash holdings amount to £2,233,057.

OLIVIER ESCAPES.

Has His Men and Twenty-Five Miles of Wagons Beyond Reach.

London, March 28.—The Boers, having a little luck, are showing boldness again, as a raiding party estimated at 400 is believed by the British forces at Warrenton to have crossed the Kimberly-Bloemfontein wagon road Monday and to have headed for Jacobsdal, with the intention of cutting the railway ten miles west.

Commandant Olivier appears to have gotten his 5000 men and 25 miles of wagons into rugged country, where he can make an easy rear guard defense.

He has done this with within fifty miles or so of General Roberts' main strength. Certainly it looked for a week as though General Roberts held Olivier in the hollow of his hand. If Olivier gets through to Kroonstad with even 3000 men it will be an important addition to the Boer gathering there. His escape is attributable to the worn-out condition of the British cavalry horses. General Roberts' transport appears to have been badly dislocated by the loss at Riet river, before Cronje's surrender of the wagon train. In addition to this the army with which he purposes to advance toward Pretoria is nearly double that of the early rapid movements.

CONSULTING MILNER.

Roberts Perfecting Plans for the Pacification of Free States.

London, March 28.—British High Commissioner Sir Alfred Milner has arrived at Bloemfontein and was met by Gen. Roberts and staff. It is thought the question of pacification of the Free State and the treatment of the insurgents are doubtless being discussed between Lord Roberts and Sir Alfred Milner.

According to the same dispatch Gen.

French previous to returning to Bloemfontein, occupied a flour mill near the latter, which is considered an important acquisition.

Reports from Rouxville and other towns say the surrender of arms to the British continue satisfactorily.

General Clement's column entered Fauresmith Tuesday having previously occupied Laagersfontein. Magistrates were appointed and the proclamation read, bands of music met the troops and flags were flown. The scenes resembled the American occupation of Puerto Rican towns. Among the spectators at Fauresmith was President Steyn's daughter.

Heavy rains have made General Clement's march hard and causing sickness among his troops.

A dispatch from Maseru, Basutoland, dated March 27 says the apparently reliable reports that Boers are entering Ladybrand cause the presumption that British troops crossed the line of the Boer retreat towards Kroonstad and a fight or surrender near Ladybrand imminent. As the Maseru dispatches are not distinguished for their accuracy, and as the British force near Ladybrand under Colonel Pilcher is quite small, nothing very definite seems likely to result from the operations.

Further advices from Mafeking, dated March 15, reiterate all were well there a cordon not so tightly drawn. Boers are allowing natives to pass through lines which they had previously forbidden. Native refugees reported to be too stupid and lazy to work or take cover from shells. They gather in crowds around soup kitchens and have to be driven away when the warning bell rings. The bombardment just previous to the dispatch being sent, has been unusually vigorous and it is probable before long rations will be still further reduced.

Two Boer prisoners escaped from Camp Simonstown on March 26. Sickness there is unabated and many of the prisoners are in a serious condition.

The only word from General Buller is the report that the officers who have recovered from their wounds and who have returned to duty, which list includes the name of Lieutenant John Churchill, brother of Winston Churchill.

United States Only Exempt.

Washington, March 28.—It is learned from an excellent diplomatic authority that the United States is the only nation where official mail to and from Pretoria is not subjected to the scrutiny of the British censor in Cape Town and Durban.

On the other hand Great Britain recently notified the powers, that in accordance with article 8, of the Paris convention of 1875, she intended to exercise her discretion with reference to stopping cable messages intended for Pretoria. It was this declaration which caused Russia to ask the United States for an expression of its views, not for any use at that time, but for the guidance of the St. Petersburg government in future.

Sailed With a Cargo of Mules.

New Orleans, March 28.—The steamer Sylvania sailed for Cape Town Tuesday with a cargo of 1434 mules for the British army.

NO CLAIM ON ST. CROIX.

French Government No Title to This Island in West Indies.

Washington, March 28.—Investigation of the subject made by the state department has convinced the officials that the French government possesses no right to the island of St. Croix, of the Danish West Indies.

The French government is not being considered by Secretary Hay in connection with the negotiations under way with Denmark for the acquisition of the Danish West Indies by the United States. It is said by the officials that if France believes she has any claims she must settle them with Denmark and that the United States cannot consider them.

The department has not been advised of the purpose of the government to introduce a bill in the Danish legislature authorizing the sale of the island. It is said authoritatively, however, that negotiations have not proceeded to the point where a convention has been drafted, and that thus far the two governments have been discussing the propositions each has advanced.

SUCCESSFUL TEST.

Krupp Plate Made at Bethlehem Works Resists the Shots.

Washington, March 28.—The first Krupp plate manufactured by the Bethlehem Steel company has passed a very successful ballistic test at the Indian Head proving grounds. The plate represented a group of 300 tons intended for the Russian battleship Retvisan, under construction at Cramps. It tapered from 9 to 5 inches in thickness. It was 12 feet long by 7 feet wide, and was supported by the usual oak backing. The plate was the target for four 8-inch armor piercing projectiles, each weighing 250 pounds. The required velocity to be attained by each shell was 1932 feet per second, but the velocity in every case was higher. The greatest penetration obtained was 3 inches. No cracks ap-

peared. The shells all broke up. Armor experts say that the plate made a very satisfactory showing.

Object to Living Pictures.

Tyler, Tex., March 28.—In the city court here a man who runs a living picture show is being tried on complaint made by Rev. J. P. McCollough of the Episcopal church. The trial is causing a great deal of interest here and the testimony is being listened to by a large crowd, including several ministers of the gospel. About 30 witnesses on each side are in attendance on the court.

Sent Up for Life.

Texarkana, Tex., March 28.—L. Hendree was convicted at Mena, Ark., of assassinating W. M. Willis, the contractor of the Pittsburg and Gulf, about two months ago, and given a life term in the penitentiary.

Horton Boxing Law Repealed.

Albany, March 28.—The bill repealing the Horton boxing law passed the senate and now goes to the governor for his signature.

Do not permit the children to form the habit of disputing and quarreling with each other. It may be prevented, like other bad habits, by watchfulness, particularly if the training is begun when the children are very young. Separation is the best punishment, breaking up the play and taking away the cause of the dispute. Children are social beings and do not like to play alone. They dislike solitude, and if they find it is invariably the result of quarreling they will take pains to be more amiable so as not to be forced into it.—April Ladies' Home Journal.

Doll and Kite Show.

There will be a doll and kite show held at the residence of Mrs. D. C. DeMaret, who will be assisted by Mrs. F. Marion Law and Mrs. Geraldine Butler, on Saturday evening, March 31, from 2 till 6 p. m. Every girl and boy in the city is invited to bring her doll and her kite to be exhibited. There will be prizes given for the handsomest doll, the oldest doll, the best rag doll and the doll with the most neatly sewed clothes made by the owner. Also prizes for the largest kite, the smallest kite, the kite with the best tail and the most neatly made kite made by the owner. The dolls and kites must be sent to the residence of Mr. DeMaret on Saturday, March 31, after school hours. The proceeds in aid of the Episcopal Church.

TO THE PEOPLE OF TEXAS.

There is no one who will deny the fact that organization is the secret of success of all bodies. Neither will they deny that crop diversification is the solution to the success in Texas farming.

The Texas Truck Growers' Association with office at San Antonio was organized for the purpose of teaching our citizenship how to live at home, to keep our millions from going yearly to the north for bacon, flour, produce, etc., to protect the Texas shipper against the wild cat schemes perpetrated annually upon our truck growers. We have placed the shares of stock in the state association at one dollar. Any local association can become a member of the state association by subscribing ten shares stock. We ask all truck growers and all truck growers, associations to join us in this work, to help us accomplish the good we have in view, to help one another in this struggle to raise the farmer to a higher level in the estimation of the world to place him where he justly belongs in the front rank in the army of bread winners.

The Texas Truck Growers' Association's expenses are very light, no one being allowed a salary but the distributing agent who has executed a strong bond for the faithful performance of his duties. With the proper support from the truck growers the state association will make money and save hundreds of dollars to its members. We are "weeding" out some concerns (many of whom are already in the field to fight the state organization). Others among the commission houses are executing a bond to faithfully carry on our business in their respective places, signing contracts

Opera house managers of the state have organized an association with the object of securing a better class of attractions for the smaller towns and of regulating the number of attractions per week for each town, according to its population. It is also desired to have a representative at booking headquarters to keep in touch with companies seeking bookings. The Eagle hopes every opera house man in the state will co-operate with the plan, in which event it can be made a success and the rotten shows can be practically shut out, while on the other hand meritorious attractions will not be at a disadvantage.

DEBATE IN THE HOUSE

Animated Scenes Occur Over Three
Important Topics.

MARSH IS INDIGNANT

His Anger Aroused by a Speech by Mr.
Lentz on Militarism—Puerto
Rican Tariff and Govern-
ment Bill Before Senate.

Washington, March 28.—There was a lively debate in the house yesterday during the consideration of the army appropriation bill. It covered a wide range of topics, the Puerto Rican tariff, the Boer war and the Philippines.

The charge that the Puerto Rican tariff bill was the result of a deal for raising a Republican campaign fund was again referred to by Mr. Pierce of Tennessee. But Mr. Hull declared that the anonymous author of the charge would never dare to declare himself and be branded as a falsifier.

Mr. Sulzer of New York made an appeal for the extension of official sympathy to the Boers in their struggle for independence and Mr. Lentz of Ohio delivered a scathing denunciation of militarism and the war in the Philippines. His attack aroused the sentiment and indignation of Mr. Marsh of Illinois, who, in a bitter exhortation of the Ohio member, declared that the latter's speech was a disgrace to the American congress. He declared that he was responsible for what he had said both on and off the floor of the house.

Little progress was made by the senate with the Puerto Rican tariff and government bill. It was under discussion for nearly three hours, but the greater part of the time was consumed in consideration of a free coinage amendment offered by Mr. Morgan. The amendment is still pending.

The Alaskan civil code bill was considered during the morning hour. An amendment offered by Mr. Carter setting aside permits hitherto granted by the secretary of war for the mining of gold under the sea on the Alaskan coast precipitated a lively debate.

Clark Case Argument.

Washington, March 28.—The argument in the case of Senator Clark of Montana before the senate committee on privileges and elections, has been postponed until next Tuesday on account of the enforced absence of some of the members of the committee.

The briefs on both sides of the case have been distributed among the members of the committee.

The brief of the memorialists covers 142 pages and is signed by ex-Senator Edmunds, Arthur A. Birney and ex-Congressman Hartman.

The brief for the defense, signed by Hon. Charles J. Faulkner and Mr. Roger Foster, covers 232 pages. The document is throughout an arraignment of the prosecution.

Rear Admiral Day Retired.

Washington, March 28.—Rear Admiral Benjamin F. Day has voluntarily applied for retirement from the active list of the navy and his name placed on the retired list. He has not been to sea since February, 1896, and was therefore compelled to take the next vacant command afloat, for which he was incapacitated by falling down an elevator shaft several months ago. Admiral Day, who has been a member of the retiring board since September, 1897, was promoted to his present grade last march. He was graduated from the naval academy in 1861, going immediately to the gulf blockading squadron. He was wounded in a night engagement on the Mississippi, but served throughout the war. In the new navy he commanded the Boston and the Baltimore.

Captain Silas W. Terry, commanding the Washington navyyard, will be promoted to the vacancy as rear admiral.

Pay for Philippine Soldiers.

New York, March 28.—A shipment of \$1,393,000 for the payment of soldiers in the Philippines left the treasury Tuesday afternoon. There were \$600,000 in gold coins packed in wooden boxes, each containing \$20,000, the same sum in bills was packed in three iron safes and the remainder, consisting of minor coin, packed in cartridge boxes. The money was hauled down Broad street under a guard of 18 soldiers. The detachment was cheered by brokers repeatedly along the route. The two trucks containing the money were driven to the United States transport Summer, which immediately left for Manila.

Vote on Bill Fixed.

Washington, March 28.—The senate has agreed to vote on the Puerto Rico bill at 4 o'clock on Tuesday next.

Hartsell on the War.

London, March 28.—Bishop Hartsell who has been in charge of the Methodist mission work in South Africa for four years, is spending a fortnight in London before sailing for America to attend the conference at New York and Chicago. He talks about the war in a most temperate way, gives to the Dutch leaders and people credit for many excellent traits and robust virtues, but does not hesitate to express his deliberate convictions that the English cause is just and commands his sympathies.

New Gulf Route.

New York, March 28.—F. C. Hand, vice president of the Fort Worth, Corsicana and Sabine Pass railroad, recently organized for the purpose of building from Fort Worth to the gulf, has arrived here. His mission is to finance the object, and he says he expects to be able to accomplish that while here.

CULTON WEAKENING.

Holds a Long Conference with Pros-
ecuting Attorney.

CONFESSION ALLEGED

What Evidence Is Expected of Him Is
as Yet Unknown to the Public.
Youtsey Claims Prosecution
Broke Faith with Him.

Frankfort, March 23.—There are more
startling developments in the Goebel
assassination case. W. H. Culton, who
waived examination and was held over
to the circuit court, went to the Capitol
hotel late yesterday where he was in
conference with the attorneys for the
prosecution for two hours. He was ac-
companied by his brother-in-law, E. E.
Hogg, who is also his attorney.

It was reported at the time that Cul-
ton had made some kind of a confession,
but later it developed that the informa-
tion gained was not of as sweeping a
character as it was at first reported.
Culton's friends, who are in his confi-
dence, state that his statement was not
in the nature of a confession, but they
admit that he gave the prosecution such
information as he had, and which had
not heretofore come out.

The conference between Culton and
the attorneys took place in the room of
Colonel T. C. Campbell and there were
present besides Messrs. Culton and
Campbell, County Attorney Polsgrove,
Rev. Mr. Culton, father of the prisoner,
and E. E. Hogg.

While this conference was going on,
Henry E. Youtsey, the auditor's clerk,
who was arrested and locked up in jail,
charged with being an accessory, sent
for Colonel Campbell and the latter vi-
sited him at the jail and was closeted
with him for some time. Youtsey, when
arrested told the officer that the pros-
ecution had promised not to arrest him. It
is not known what took place at the in-
terview between Youtsey and Campbell
but it is announced that he was ready to
make a public statement which the pros-
ecution evidently did not care to have
made, at least for the present.

Culton and Davis waived examination
and by an agreement between the at-
torneys were admitted to \$5000 bail each.
The Democratic militia will be re-
tained here until after the April term of
court, which begins Monday, and at
which Secretary Powers and others are
to be tried. The Youtsey arrest caused
another flutter of excitement and Gov.
Beckham decided it was best to keep the
troops here.

DID NOT CONFESS.

It Is Claimed Youtsey Made No Admit-
tance in Goebel Murder.

Frankfort, March 28.—There is no
new developments in connection with
the suspects held on the charge of being
accessory to the murder of the late Gov.
Goebel. Henry Youtsey, the young man
who was arrested Tuesday is still con-
fined in jail and probably will be given
an examining trial later in the week.
Though the prosecution claims to have
some strong evidence against him, the
nature is not disclosed and instead of
making a confession as it was reported
he had Tuesday, it is admitted he told
nothing and stoutly maintains he has no
knowledge of the murder except such
as the public generally knew and
he from the first has stood ready to tell
all about everything he saw around the
executive building on the day of the
shooting.

Friends of Culton deny the statement
which he made to attorneys for the pros-
ecution, are as incriminating and full of
details as they have been made to ap-
pear.

L. J. Crawford, attorney for Youtsey,
held several conferences with the latter
in jail. Mr. Crawford said: "The charge
implicating Youtsey of the murder of
Goebel is preposterous. He simply hap-
pened to be working in the executive
building and in that way he may have
come in contact with mountaineers. In
the very nature of his position he was
thrown in contact with the people in the
building, but this is not sufficient cause
to arrest a man on the charge of access-
ory to murder. That he is innocent of
any guilt of the knowledge of the assas-
sination I have not the least doubt, and
those who know him entertain the same
opinion."

Helping Taylor Some.

Washington, March 28.—The president
has informed the Kentucky Republicans
that while he cannot interfere in Ken-
tucky as to the extent of disarming the
militia of either faction, he is willing so
far as he can legitimately do so to recog-
nize the Republican officials of that
state as de facto officials. He told them
in the same connection that he would
give directions that mail addressed to
officials by title only, as to "The Gov-
ernor" or "Secretary of State," should
be delivered to the Republicans holding
those offices and not to the Democrats.

Davis Still in Jail.

Frankfort, March 28.—Captain John
Davis, one of the alleged accessories to
the murder of Governor Goebel, is still
in jail, no one having appeared to ex-
ecute a new bond instead of the one re-
jected Tuesday.

Charged With Smuggling.

El Paso, March 28.—Deputy United
States Marshal W. D. Sheridan of Mar-
fa arrived here with two prisoners, who
were accused of smuggling mesquite into
the United States.

NEGROES TO AFRICA.

Rev. Sparks Says This Country Is No
Home for Them.

Baltimore, March 28.—The Rev. Milton
Sparks, educational agent of the Na-
tional Baptist convention, in an address
to a large meeting of negro Baptist
preachers here Tuesday night urged the
emigration of the negro race to Africa.
He argued that the negro was trans-
planted by force, and could not thrive
as he should until he returned to the
land of his fathers, and that their oppor-
tunities for advancement in the material
matters and the science of government
would be afforded which could never be
the fortune of the negro in this country,
where the predominance of the white
race is constantly increasing owing to
immigration. After a general discussion
of the subject a resolution was adopted
stating:

"Let them seek to increase our popu-
lation by encouraging the colored race
of other countries, such as the West
Indies, Cuba and the Congo Free State
to immigrate to this country. Since
certain congressmen think the govern-
ment has millions of dollars to appropri-
ate to send us to Africa. Let us ask for
\$5,000,000 to aid those of our race who
may desire to immigrate to this country."

HUNTING A HARBOR.

Gunboat Vixen Gone to Isla de Veiques
to Investigate.

Washington, March 28.—The gunboat
Vixen has left San Juan for Isla de Ve-
iques, or Crab Island, southeast of Puerto
Rico, to look for a good harbor there.
She has a complete surveying apparatus
and will make a thorough investigation
of the locality. The exploration is un-
dertaken at the suggestion of the naval
war college, which has reason to suspect
that Crab island in all probability has
tremendous strategic possibilities, es-
pecially in the event of the United
States failing to acquire the Danish West
Indies. It is believed that should a good
harbor be found there a fortified naval
coaling base should be promptly estab-
lished, with the object of more effective-
ly commanding the eastern entrances to
the Caribbean sea than would be feasible
from San Juan.

Woman Bound and Gagged.

Gadsden, Ala., March 28.—One of the
boldest robberies and attempted crim-
inal assaults known in this section oc-
curred almost in the heart of the city,
and on one of the principal residence
streets. James Haggerman, who works
at the pipe works and lives on Fifth
street, had eaten breakfast and gone to
work leaving his wife alone. Soon after
he left some one came to the front gate
and called asking if Haggerman was at
home. Mrs. Haggerman replied that he
had gone to work. She then went out
in the yard on an errand, and returning
a few moments later was surprised to
find her head enveloped in a pillowcase.
She supposed it was her husband who
had decided not to work and laughed at
him. Soon she found her mistake, as
the men—there were two—commenced
stuffing her mouth full of rags, until her
fingers were nearly broken. They tied
her hands behind her and also her feet.
They then broke open trunks and
drawers securing a diamond and \$170.
She was nearly dead when unbound and
the gags removed.

Violated His Pardon Terms.

Perry, O. T., March 28.—W. D. Half-
hill, an attorney, formerly of Newkirk,
was arrested here on a charge of swin-
dling a number of farmers. In 1894
Halfhill was convicted of perjury in the
territorial court here and sentenced to a
term in the penitentiary. Through the
intercessions of Missouri friends, how-
ever, he was granted a pardon by Gov.
Reufro, on condition that he would
never return to the territory. Halfhill
went to Colorado, but last week he re-
turned to Oklahoma, and, it is claimed,
launched a fake insurance scheme by
which he victimized fully 100 farmers.
The officials have revived a number of
charges that were pending against Half-
hill at the time of his conviction in
1894.

Only Going to Port Arthur.

St. Petersburg, March 28.—The Rus-
sian squadron which called at Chemulpo
Korea, has arrived at Port Arthur. It
was announced in a dispatch from Yok-
ohama, that the Russian squadron arrived
at Chemulpo and added, it was believed
at Yokohama that this was presaged for
a demand for a concession of land at
Masanpho, a small harbor 20 miles south
of Chemulpo, which aroused uneasy
comments in Japan. It appears from a
dispatch from St. Petersburg that the
feeling of uneasiness was not warranted
by facts in the case.

Lynching in Mississippi.

Greenville, Miss., March 28.—The ne-
gro, William Edwards, alias "Wing"
Smith, who murdered Edward B. John-
son at Dulany levee camp last Thurs-
day, was hanged by a mob to a Yazoo
and Mississippi Valley railroad bridge
between Greenville and Leland Monday
night.

Boy Killed While Hunting.

Denison, Tex., March 28.—While out
hunting near Bristol, I. T., Oscar Sta-
tan, aged 15 years, accidentally shot him-
self in the breast. He was found not far
from home. Death must have been in-
stantaneous from the size of the wound.

Blizzard in South Dakota.

Mellette, S. D., March 28.—The worst
blizzard of the season prevails here.
Twenty inches of snow fell Tuesday
night and heavy north winds are blow-
ing.

Snow Stops Street Cars.

Cedar Rapids, Ia., March 28.—Heavy
snowstorm stopped the street car traffic
here and promises to continue. Train
service has not yet been delayed.
